Great cuisine begins with the finest ingredients

We are proud to offer the finest dining experience on Salt Spring Island. Our award-winning chef and culinary team use only the freshest local ingredients, many of which are grown on our property without pesticides or chemical fertilizers.

Our gardens and orchards, locally-sourced seafood, lamb, poultry and game, are at the core of our passion for fine food. Our extensive wine list is one of the best in British Columbia, combining old world classics with fine wines sourced throughout the province. In the evenings, Hastings House offers two dining options within the charming ambience of the Manor House: Our elegant Fine Dining Room or the casual à la carte Bistro. Both venues feature inspired menus created under the direction of our Swiss Executive Chef, Marcel Kauer.

Established over half a century ago, Relais & Châteaux is an association of the world's finest hoteliers, chefs and restaurateurs, setting the standard for excellence in hospitality. A principle objective of Relais & Châteaux is to "make the world a better place through cuisine and hospitality" and to elevate the *arts de vivre*.
